

FELIX GLUER | Combo

STOP HAND GLUING
go automated!

TECHNICAL DATA:

- The **two-sided** glue plotter
- **Hot melt & cold glue** simultaneous application
- 4 independent up & down stacking work tables, with safety sensors
- Semi-automatic material loading
- Max single table load – 300 kg
- Material stack height – 500 mm
- Camera for remote technical support & service
- PC on Windows with the internet connection
- **FELIX GLUER : Pro** software full license

GLUE ANY MATERIAL:

felt

corrugated cardboard

MDF · HDF
wood-base boards

EPS · XPS
Styrofoam

cardboard

PP foam · PE foam
EVA foam

ANY GLUING PATH POSSIBLE:

line

multi-line

dashed line

micro dots

dots

spray

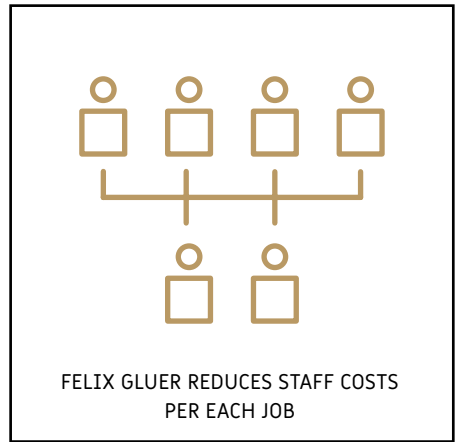

dimensions in mm

FELIX GLUER : Combo		
S	2 x [1650 x 1250]	4 x [825 x 1250]
M	2 x [2000 x 1650]	4 x [1000 x 1650]
L	2 x [2200 x 1800]	4 x [1100 x 1800]
XL	2 x [2500 x 1800]	4 x [1250 x 1800]

RE:CALCULATE your production, capabilities and costs

Extend the **FG : Combo** configuration to increase productivity.

FELIX GLUER : Photopath system

Easy glue paths design in just 3 steps:

1. The system takes a photo of the implemented/loaded elements.
2. The operator draws glue paths on the photo.
3. The machine applies glue according to the design.

FELIX GLUER : PRO Office

Prepare gluing projects in your office/DTP department & send ready files directly to the machine.

CAD files import:

FELIX GLUER : Card access

Touchless logging system to the FELIX GLUER. Different access levels and roles for machine users: operator/admin/service.

FELIX GLUER : Statistics

Production costs data analyzer.

Calculate:

- gluing time per element or the whole job
- glue consumption per element or the whole job
- production time
- glue weighing option in the machine

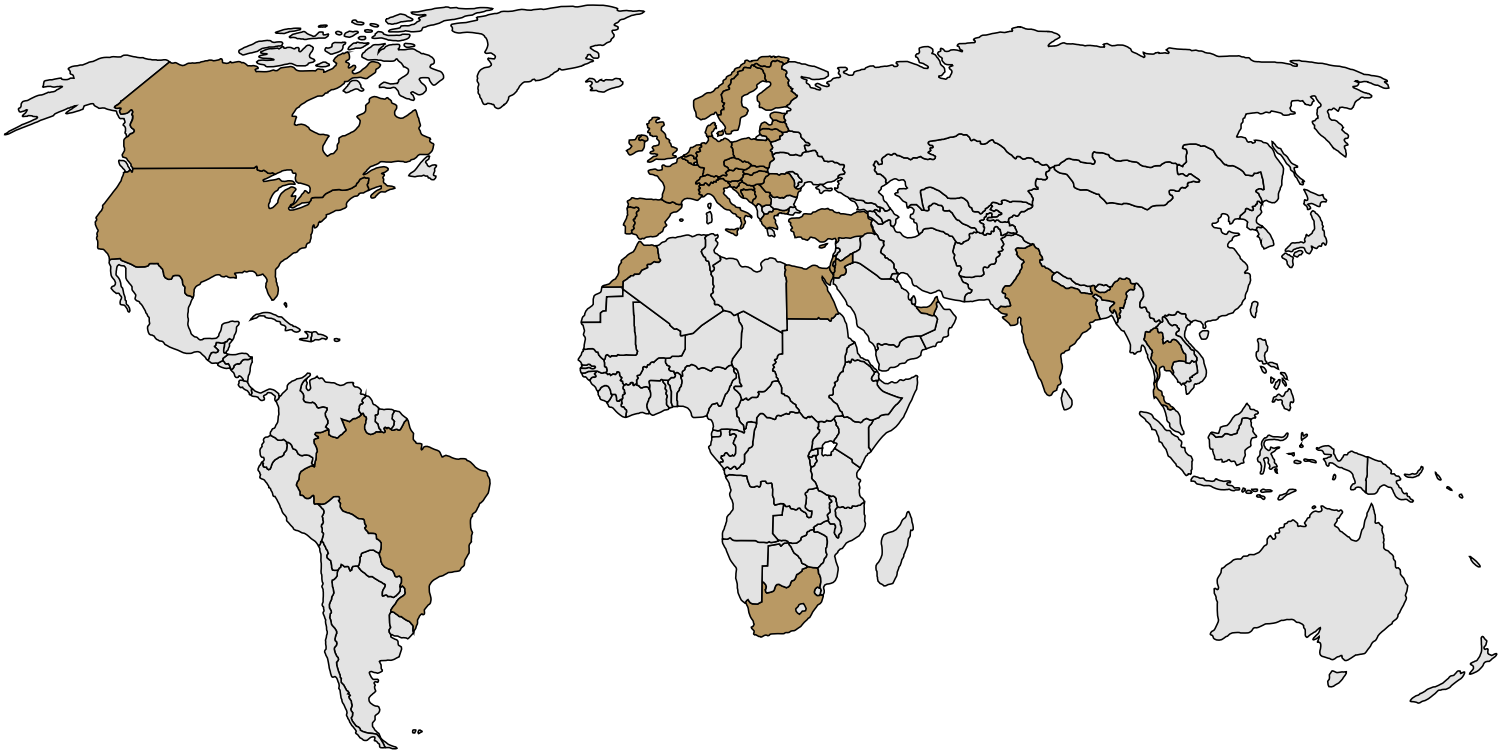

Connect FELIX GLUER to your company's internal network system.

Get remote technical assistance on software and machine operation anytime your operator needs it.
