

## *The DP-203 & DP-203A offer low cost, high quality, fast printing at the touch of a button.*

*The DP-203 & DP-203A's low purchase price and operating costs make them the perfect choice for any organisation with tight budget constraints.*

### **E**asy to operate

A clean and concise operating panel and interactive digital display ensure ease of use. It's all self-explanatory, no need for a skilled operator.

### **F**ast printing

For maximum efficiency, Duplo have developed the DP-203 & DP-203A to print at a maximum printing speed of 120 sheets per minute, with the first copy in just 21 seconds.

### **C**olour printing

Multiple colours can be printed by simply changing the ink colour (via the drum unit exchange).

### **A**utomatic master ejection system

Master ejection is automatic, and removal of used masters is clean and easy.

### **A**uto document feeder

A built-in automatic document feeder allows you to stack and feed up to 10 originals automatically without operator attendance.

Model name	DP-203 (DP-203A)
Scanning method	Auto document feeder
Master making method	Thermal digital master making
Printing method	Stencil print
Document size	Max : 271 x 382mm Min : 100 x 148mm
Paper size	Max : 271 x 382mm Min : 100 x 148mm
Image area (Max)	210 x 350mm (A4)
Feeding capacity	500sheets (64gsm)
Resolution	300 x 300
Zoom	94%, 77%, 74%, 64%
Image modes	Text mode, Photograph mode
Darkness adjustment	Plate making adjustment : 3 steps
First print speed	21 sec (A4)
Print speed	60, 80, 120 ppm
Ink supply method	Automatic control
Master feeding method	Roll master automatic feed
Master ejection method	Automatic ejection/master rolling-up method
Colour print	Drum unit exchange
Power source	120V : 120VAC 60Hz, 4A* 230V : 230VAC 50Hz, 2A*
Dimensions	In use : 1270 (W) x 615 (D) x 705 (H) mm Folded : 673 (W) x 615 (D) x 705 (H) mm
Weight	68kg
On-Line (for DP-203A)	Built-in Parallel Interface (IEEE1284 bi-directional parallel interface)
Options	Drum unit Tape Inserter Interface kit for DP-203 (IEEE1284 bi-directional parallel interface)
