Superior build, robust and reliable.

Unique and user-friendly interface.

Safety sensors on access doors ensure NS Multi complies with strict health and safety guidelines, protecting your employees and company. Generous access doors makes changing inks and maintenance an easy process.

NS Software allows user access to:

- Ink level control
- Automatic consumables alert

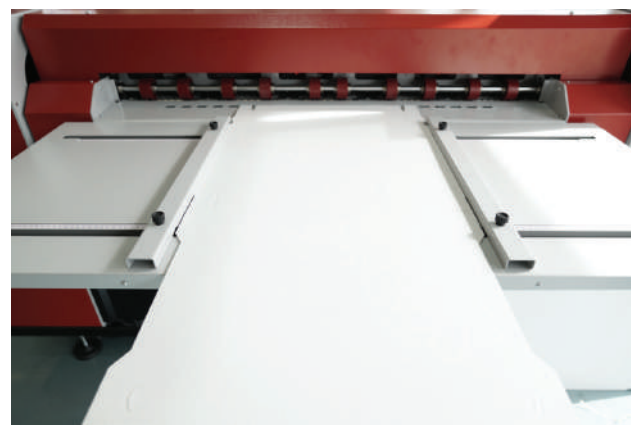

Included high-powered PC allows users to install variable data software and alternative RIP solutions as your business needs development and growth.

• No crush wheels prevent media damage.

• Automatic lift for easy access & maintenance.

• Linear media guides.

• Wide belt for perfect media transport.

Exceed customer expectations and reach new markets with our unique digital corrugated print solution.
